Thousands of Americans line up for the 777 wedding date. The 777 wedding date is a wedding on July 7, 2007. The number 7 is always been an important and lucky number on many religion and culture. Not to mention, the date falls on Saturday and long weekend. Relatives have plenty of time to be at your wedding too.

Talk about unforgettable wedding anniversary and date. The husbands will never forget the wedding anniversary.

The 777 wedding date tops all the memorable date. It is a coincidence that couples want to take advantage. Usually, the bride and groom choose the popular Labor Day, Memorial Day, 4th of July, Christmas Day, or Thanksgiving Day for a memorable wedding date.

Wedding are being set in record numbers. So, the chapels, churches, and receptions are fully booked. It causes the prices to increase. However, it is not a problem for most couples to wed.

Think of 7 as the wedding theme. For example, 7 pm reception, \$777 wedding package, 7 day honeymoon, 7 bridesmaids, 7 groomsmen, 7 guest table, 7 centerpieces, 7 wedding cake levels, 7 wedding toasts, 7 wedding vows, and 7 wedding favors theme are some suggestions.

In the Christian holy bible, the God almighty created the world in seven days. At the seventh day, he rested. That is why we have 7 days in a week. Up until now, we have 7 days in a week. At the New Testament, Jesus told Peter to forgive 77 times which means to keep forgiving. Roman Catholic also believes in 7 sacraments, deadly sins, and virtues.

In the Chinese culture, the number 7 is a lucky number. Many Chinese uses anything that relates to number 7 for luck.

In the casino, the 777 is the ultimate jackpot on the classic slot machines. Lady gamblers also wear dice earrings which counts as 7. There is also a craps game in which any 7 is a winning combination.

There are more cultures, religions, traditions, and customs, in which the number 7 is a significant number. For example Japanese Shinto, Hindu, Mythology, and Astrology are some of them. We can only write too much.
